

The epidemic situation in Poland is worsening, which is why new restrictions were introduced, which entered into force on March 20 to April 9.

From March 20 to April 9, the following arguments will apply throughout Poland. Suspend your activities:

- hotels (with the exception of, inter alia, workers' hotels, as well as accommodation provided as part of travel services - the exact catalog of exceptions along with the required confirmation of a business trip will be included in the regulation);

- shopping malls - with the exception of, inter alia: grocery stores, pharmacies and drugstores, press salons, bookstores, pet stores and DIY stores. In shopping malls, there are still full-length activities, incl. hairdressing, optics, banking, laundry services;
- theaters, museums, art galleries (coverage is sampled and practiced as well as online events);
- cinemas (screenings of films also apply to cultural centers and centers);
- swimming pools (except for swimming pools in entities performing medical activity and for members of the national team);
- saunas, solariums, Turkish baths, slimming salons, casinos;
- ski slopes;
- fitness clubs and gyms;
- sports facilities (may only be used for entertainment and not involving the public).

For safety reasons, all students in Poland - including grades 1-3 - will learn remotely. Nationwide and also online access - wherever possible.
