The Polish Investment Zone (PSI) is an instrument to support new investments carried out in the territory of the Republic of Poland, introduced in 2018. The main assumption of the PSI is to extend the tax reliefs available so far only in special economic zones to the entire territory of Poland. To implement the PSI program, companies managing special economic zones have been appointed, whose activities and tasks have been extended by the government to the entire territory of the country. In the case of the DolnoÅ?lÄ skie Voivodeship it is:

WaÅ?brzych Special Economic Zone "INVEST-PARK" Ltd., St. Uczniowska 16, 58-306 WaÅ?brzych, Phone .: +48 74 664 91 64, e-mail: invest @ invest-park [dot] com [dot] pl (invest[at]invest-park[dot]com[dot]pl)

WSSE carries out PSI tasks, among others by:

- granting a decision on support, which entitles the entrepreneur to an income tax exemption in the amount of 20% to 60% of the value of eligible costs of a new investment (the decision is granted on the condition that the quantitative and qualitative criteria.
- providing access to the base of undeveloped industrial properties located in south-west Poland,
- enabling the purchase or rental of production halls, warehouses or office space,
- providing support in legal and organizational issues related to the implementation of a new investment,
- providing support in the field of other forms of assistance for entrepreneurs implementing new investments,
- enabling access to the developed market, including in the following sectors: automotive, household appliances, machinery, chemicals, food.

PFR
Polski Fundusz Rozwoju

Polish Development Fund (PFR) includes

packages of financial and non-financial services designed for a specific need. Its purpose is to create a complete market for raising capital and growth instruments at every stage of the development of a given venture. PFR operates in the areas of banking, insurance, investments, consulting in foreign expansion and the development of entrepreneurship and innovation.

The Polish Investment and Trade Agency is part of the PFR Group

PAIiH helps investors enter the Polish market and make the best use of the opportunities available there. It guides investors through all the necessary administrative and legal procedures that occur during the implementation of the project, and also supports companies that are already operating.
In order to provide the best possible service to investors, a network of Regional Investor Assistance Centers - COIs throughout Poland has been created, which are aimed at improving the quality of regional services for investors, as well as providing access to information such as the latest investment offers and regional microeconomic data. The purpose of COI is to facilitate contacts between the investor and local authorities.

Polish Agency for Enterprise Development

The Polish Agency for Enterprise Development (PARP) is a government agency reporting to the Minister responsible for the economy. It manages funds from the state budget and the European Union. The Agency's objective is to implement economic development programs supporting the innovative and research activities

of small and medium-sized enterprises (SMEs), regional development, export growth, human resources development and the use of new technologies in economic activity.

PARP is involved in the implementation of national and international projects financed from the structural funds, the state budget and long-term programs of the European Commission. PARP actively participates in the creation and effective implementation of state policy in the field of entrepreneurship, innovation and adaptability of personnel, striving to transform itself into a key institution responsible for creating an environment that supports entrepreneurs. In accordance with the "Think Small First" principle, all the Agency's activities are carried out with particular emphasis on the needs of the SME sector.
