Small Town of DzierÅ¼oniÃ³w - we teach young

Nearly 180 thousand PLN. co-financing was received by the Ziemia DzierÅ¼oniowska Association from the BGK Foundation J. K. Steczkowski for the implementation of the project "MaÅ?e Miasto DzierÅ¼oniÃ³w". The project is implemented in partnership with the DzierÅ¼oniÃ³w City Commune.

"Small Town" is a project aimed at students aged 8-12, under which children learn entrepreneurship through learning and working in various professions and managing their own budget. Therefore, from September 27 to October 1, DzierÅ¼oniÃ³w Cultural Center will turn into a small town for 100 students from public primary schools for 5 days.

Small Town of DzierÅ¼oniÃ³w what is "all this" about?

"Little Town" is a simulation of adult life in a city, specially created for the needs of the Project. Little Participants learn to work, earn, save and spend money.

For 5 days, students will take part in educational workshops at entrepreneurs representing various professions, such as: hairdresser, policeman, firefighter, paramedic, computer graphic artist, personal trainer, florist, ceramist / potter, embroiderer, dancer, choreographer, press journalist, banker, confectioner, TV presenter, optometrist / eyeglass stylist, photographer, shoemaker, programmer, physiotherapist or arborist.

Children will not only gain theoretical knowledge about the specificity of a given profession, but will also participate in practical classes. For the work done, the inhabitants of the "Small Town" will receive remuneration in the amount of 12 "DzierÅ¼on", which will be the internal tender.

After work, participants will be able to freely manage their free time and decide which additional games and activities they want to participate in.

In the "Small Town" there will be a Small Town Tax Office, to which each Participant must pay "taxes" on a daily basis. Taxes will be allocated to the implementation of a project that will contribute to changing the city's public space. The project will be selected by the participants themselves by voting in the civic budget.

On the last day of the project, participants will pay out the saved money with interest. People who saved for 5 days will be able to buy their dream products in the "Sklep MarzeÅ?" - toys, games, school supplies, sports equipment, etc. However, saving will be difficult, because they will attract ice cream, sweets or snacks offered in shops such as " Tempter".

The project would not take place without our Sponsors and Volunteers, for which we would like to thank them!
