"New Start" - European Funds help entrepreneurs

The "New Start" program offered by the Polish Agency for Enterprise Development supports companies that are offered to business. Those who have restarted their activity or activity may apply for assistance from the EU fund. To adapt to their model, they adapt to new updating needs. The budget for "New Start" is financed from the Knowledge Education Development Program.

Entrepreneurs who stopped running a business within 24 months and resumed running a business within 6 months before joining the project can participate in the "New Start". The program allows you to take advantage of individually selected trainings and workshops as well as post-training consultancy conducted by experts.

The aim of the activity is to increase the possessed and acquire new competences in the field of management and the ability to run one's own business. Business owners can analyze their situation with an expert and take advantage of the knowledge and experience of others. - "New Start" is a program supporting those entrepreneurs who failed in business, but did not give up and restarted their business. The possibility of professional support, analyzing their situation with an expert or using the knowledge and experience of others gives them the certainty that they will make the right decisions the next time they try to run their business. It is worth noting that the support that a company can receive for co-financing training and post-training counseling amounts to 100% of the project value, which means that the companies participating in the project do not bear the costs of their own contribution - summarizes Dariusz Budrowski, president of PARP.

Currently, the recruitment is carried out by 4 Beneficiaries selected by PARP, we are not in the recruitment. Entrepreneurs can choose one of the projects with nationwide:
â?¢ "Professional start", by EURO CAPITAL Doradztwo Gospodarcze Sibilski sp.k. - recruitment lasts until December 31, 2022.
