How to behave during PIP inspection? - free

The WaÅ?brzych Special Economic Zone together with the Sendero TAX & LEGAL law firm, as part of a series of free events entitled Health and safety in a different approach, invites you to a webinar: How to behave during PIP inspections?

During the meeting you will learn about:

- preparation of the company for inspection by PIP
- the method of representing the employer during PIP inspections,
- behavior of employees during the inspection,
- possible actions after the inspection, when it is unfavorable for the company.

Meeting agenda

- Inspection of the National Labor Inspectorate - joy or fear?
- What to do before the inspector visits the workplace?
- Business constitution
- How to behave during the inspection?
- Show your perspective - objections to the PIP protocol
- Appeal and Complaint
- Summary

The meeting will be led by:

Filip Firut â?? legal advisor, specializes primarily in issues related to labor law and personal data protection. He supervises audits and conducts the implementation processes of procedures in the field of labor law and the GDPR. His work consists mainly in comprehensive support for HR departments in large enterprises. Often, preparing the right strategy for the client goes beyond just knowing the law. Therefore, in his daily work, the method of communication with the client and the client with his employees is very important to him.
