Aid package for companies affected by the COVID-

Companies affected by the difficult situation related to the COVID-19 pandemic can take advantage of special solutions prepared by BGK bank in cooperation with ministries and the banking sector.

The deadline for introducing individual solutions from the aid package for companies depends, among others, on carrying out statutory changes, required EC notifications, obtaining approvals from the Polish Financial Supervision Authority and agreements with commercial and cooperative banks. All involved institutions are working intensively on the quick implementation of the proposed solutions.
