Innovative enterprises – call for applications for

The Lower Silesian Intermediate Body acting as the Intermediate Body for European Funds for Lower Silesia 2021-2027 announces the recruitment of applications for co-financing of projects under Priority 1 European Funds for an entrepreneurial Lower Silesia, Measures 1.2 Innovative enterprises, 1.2.A R&D projects of enterprises.

Who can apply?

Micro, small, medium and large enterprises, mid-caps and small mid-caps running a business and implementing a project in the Lower Silesian Voivodeship.

What can you get funding for?

The call for proposals will include projects involving SMEs conducting industrial research and experimental development work or experimental development work. The project cannot only concern industrial research. Funding for basic research is excluded. The projects are intended to develop new or significantly improved products and production processes (product and process innovations). The effect of the project should be a stage of advancement of an innovative solution (product, service, process) allowing its commercialization.

Deadline for submitting applications

from February 15, 2024 to March 19, 2024
