

Entrepreneurs from DzierÅ¼oniÃ³w can apply for real estate tax exemption for up to 3 years as part of regional investment aid! On March 16, 2024, the resolution of the DzierÅ¼oniÃ³w City Council entered into force, continuing the city's long-standing policy of supporting entrepreneurship.

Tax exemption may be granted when an entrepreneur plans to implement a new investment:

- create a new enterprise or expand an existing one,
- increase the production or service capacity of the plant,
- introduce new products or services not yet offered,
- introduce new technological solutions not previously used in the company.

The most important step in applying for this assistance is to meet the so-called incentive effect - i.e. submitting a notification of the intention to use aid before starting any purchases (e.g. real estate, machinery, equipment) and signing contracts or orders.

Detailed information in the Support for investors tab - support at the local level.

The office employee - Marcin Szczepanowski, tel. 74 645 08 21 - will provide all information in this regard. Please contact us!

We would also like to remind you that, in addition to regional investment aid, entrepreneurs can also benefit from real estate tax exemption as part of de minimis aid in connection with:

- running a catering business in the city center,
- construction of public parking lots,
- changing the heating method,
- eliminating barriers for people with disabilities.
