Change of the headquarters of the Ziemia DzierÅ¼oniowska Association and the "Clean Air"

We would like to inform you that the headquarters of the Ziemia DzierÅ¼oniowska Association and the "Clean Air" Consultation Point have changed. The current headquarters is located in the building of the SowiogÃ³rski Communication Center in DzierÅ¼oniÃ³w, at ul. Sienkiewicza 18, on the first floor.

The change of headquarters results from the residents' great interest in subsidies for changing the heating method and the desire to provide better service to customers from the entire DzierÅ¼oniÃ³w district.

At the consultation point, residents receive information and assistance in preparing applications and settling subsidies for changing the heating method. Details are

available on the website of the Ziemia DzierÅ¼oniowska Association.
