

The Regional Development Agency "AGROREG" S.A., based in Nowa Ruda, announces a new call for applications for the project "Modern Human Resources of Lower Silesia - a system for financing development services for residents of the WaÅ?brzych subregion." The project is being implemented under the European Funds for Lower Silesia 2021-2027 program and allows for funding for development services in the Development Services Database (BUR) â?? including courses, training, and postgraduate studies â?? with reimbursement of up to 90% of the costs.

The application period will begin on May 11, 2026, at 9:00 AM and will continue until May 13, 2026, at 11:59 PM. The total amount allocated for this support is PLN 700,000. However, please note that the call for applications may end earlier if the allocation level corresponding to 100% of the allocated funds is reached before the planned closing date.

Applications can only be submitted electronically using the application generator on the official website of the ARR AGROREG Operator. Each form must be signed electronically (using a Trusted Profile or a qualified electronic signature).

The program is open to adults who voluntarily want to improve their skills or retrain.

Participation Criteria:

- Residence: WaÅ?brzych Subregion, encompassing the DzierÅ¼oniÃ³w, KÅ?odzko, Å?widnica, and WaÅ?brzych counties, including the city of WaÅ?brzych and ZÄ bkowice.
- Funding supports any development direction with particular emphasis on Green Competences and Digital Competences.
- The full range of subsidized training and vocational courses can be found on the Development Services Database website (BUR).
- The project is not open to individuals conducting business or educational activities (this also applies to suspended activities).

I**mportant for employed individuals!**

Every person with the status of an employed individual is required to attach a certificate from the Social Insurance Institution (ZUS) to their application. This document must clearly confirm their social insurance coverage based on employment and that they are not covered by insurance based on business activity.

Note: Failure to include any of the above information on the ZUS certificate will result in the application form being automatically rejected, with no opportunity for correction.

How to get started?

- Visit the Development Services Database (BUR) portal and select the training you are interested in.
- Download the appropriate certificate from the Social Insurance Institution (ZUS) (form US-7).
- Prepare a Trusted Profile or qualified signature.
- Submit the form between May 11 and 13, 2026, via the ARR AGROREG application generator.

More details and full documentation are available on the ARR AGROREG S.A. website .
