Don't wait - take advantage of our "Tailor-made"

The WaÅ?brzych Special Economic Zone "INVEST-PARK" operates the INNOVATION PARK Training Center in WaÅ?brzych â?? a modern facility equipped with VR/AR simulators, robotics and industrial automation, 3D printing, electronic stations, and drone technologies. To better tailor the Center's training offerings to the expectations of a specific business, it's worth thoroughly understanding the company's current staffing and training needs. Therefore, the Center has prepared a short survey that will allow you to tailor the topics of training, courses, workshops, and conferences to your company's actual needs.

What your company gains:

â?¢ Professional training offerings tailored to your company's real needs;
â?¢ Support in obtaining funding from the National Training Fund (up to 70-90%);
â?¢ Preferential terms for using the INNOVATION PARK Center;
â?¢ Invitations to free and paid events related to management and production

processes.

Completing the form should take you no longer than 4 minutes (the maximum number of questions is 15, depending on the answers).
