Accessibility Loan for Entrepreneurs â?? up to

Would you like to improve the accessibility of your company for people with special needs? You can finance the necessary investments with a loan of up to PLN 1,000,000, carrying an interest rate of just 0.15% throughout the entire repayment period. Subject to meeting specific conditions, part of the principal may also be forgiven â?? up to a total of 30% of the loan value.

The Accessibility Loan for Entrepreneurs is a financial instrument implemented under the â??Accessibility Plus â?? European Loans for Entrepreneursâ?□ project, funded by the European Funds for Social Development 2021â??2027 programme.

The financing is available to businesses regardless of their size â?? micro, small, medium-sized and large enterprises â?? conducting business activity in Poland.

The purpose of the financing is to improve the accessibility of business activities for people with special needs. Investments may cover three main areas:

- architectural accessibility,
- digital accessibility,
- communication and information accessibility.

The measures may include, among other things, the companyâ??s premises or place of business, the way and form in which services are provided, as well as products and services offered by the company.

Detailed information on the financing rules, conditions for partial loan forgiveness, required documents and the application procedure can be found on the Polish Enterprise Foundation website.
